Subject: Help me support children of targeted activists

Hi friends,

I'm supporting the children of targeted activists and I hope you will, too [YOUR PAGE LINK HERE].

If you're anything like me, you've watched in horror as the news has shown activists being attacked because they're working to combat racism, protest police brutality, preserve civil liberties, safeguard the environment, wage peace, and organize on behalf of immigrants, workers, prisoners, the LGBTQ community, and others whose lives are under threat. All too often, these activists are parents whose children end up in the crosshairs of repression.

I understand how overwhelming this can feel, and how hard it can be to do something that feels meaningful. I started looking into organizations providing vital support for activist families and was inspired to learn about the Rosenberg Fund for Children.

The RFC is a non-profit foundation that supports the educational and emotional needs of the children of targeted, progressive activists across the U.S. They celebrated their 30th anniversary in 2020; I was impressed to learn that they've grown from awarding two grants in the spring of 1991 totaling \$805 to granting \$400,000 for hundreds of kids last year!

Their spring grants will be awarded in April and May, so I've decided to reach out to friends and family to invite you to join me in supporting this amazing organization. By donating to the RFC, we can help ensure kids whose parents have been targeted because of their activism can attend summer camp or hire a tutor or receive therapy or attend a dance program or participate in other activities that allow them to have fun, process their experiences and heal.

I'll be making my donation today, and I hope you will join me [YOUR PAGE LINK HERE]! Together, we can have an immediate impact on dozens of activist

Subject: Thanks for supporting my RFC fundraiser!

Hi [Donor Name],

Thank you so much for joining me and donating to the Rosenberg Fund for Children!

Your contribution will support kids whose parents are targeted activists who are protesting racism and police brutality, preserving civil liberties, safeguarding the environment, waging peace, organizing on behalf of immigrants, workers, prisoners, and other progressive causes.

In a year marked by a global pandemic, grants for kids are providing critical support right now for virtual education, therapy and mental health care, and cultural experiences like art and music classes, just to name a few. These grants make it possible for these kids not only to survive but thrive, despite the negative targeting their family has experienced.

As you know, this is a cause that is near to my heart, and I'm grateful to have your support.

I'll keep you posted on our progress. In the meantime, the fundraising page will stay live into May - please feel free to share it with your friends and family. I also encourage you to browse the [RFC's website](#) or check out their [social media](#).

Thanks again - you rock! 🤘
